

# GatorGradCare Care Options

August 15, 2019 - December 30, 2020

Need medical services but not sure where to go? [Click here to explore options for care](#) for help in determining when to visit the Student Health Care Center or your doctor, an Urgent Care Center, a call to the Nurse Line, a Virtual Visit, or a trip to the Emergency Room. This document will also show you how to find care when you travel outside of Florida and outside of the United States.

If the Student Health Care Center or your doctor are not available, an Urgent Care Center is another low-cost option for non-emergency care. [Click here to view the Urgent Care Center Directory.](#)

<b>Urgent Care Tier 1</b> \$30	<b>Urgent Care Tier 2</b> \$30	<b>Tier 3 Urgent Care</b> Not applicable

The Emergency Room should only be used in the case of a real emergency. This can be defined as a necessity for immediate care for severe or life-threatening conditions such as heart attack symptoms, stroke symptoms, seizures and convulsions, severe bleeding or burns, or trauma or injury to the head or body.

A summary of Emergency Room costs is explained below.
