

Maintenance Medications List

Precision Formulary

Quality Driven and Cost-Conscious Medications

As the pharmacy benefit manager for your benefit plan, Magellan Rx Management strives to offer you access to a broad choice of medications at a reasonable price.

The Maintenance Medication List is a subset of products included within your plan's preferred, or formulary, medication list, that are used to treat chronic conditions requiring ongoing treatment with medication.

Mandatory 90-Day supply at retail or mail

A 90-day supply is mandatory upon the third fill of a Tier 1 or Tier 2 maintenance medication. You'll be allowed two 30 day fills within 90 days before being required to obtain 90 days through mail order or at a participating pharmacy location. Mandatory 90 requirement does not apply to medications on Tier 3, Tier 4 or Tier 5.

How to get a 90-day supply

Call **352-265-0405** to get a 90 day through Shands Pharmacy (In person or by mail!)

Call **877-276-9360** to get a 90 day through Walgreens Mail Order

To locate a retail pharmacy, visit magellanrx.com or contact customer service at the toll-free member phone number on your benefit plan ID card.

To check the cost of a medication, refer to your benefit handbook or contact customer service at the toll-free member phone number on your benefit plan ID card.

Money Saving Generics

If you have questions or would like additional information on the GatorCare Maintenance Medication List, please contact customer service at the toll-free member phone number on your ID card or visit gatorcare.org.

A list of covered maintenance medications begins on the next page. Medications are listed both alphabetically and by therapeutic category. They are indicated by:

Generics: Lower case italic. For example, *acarbose*

Brands: Capitalized and not italics. For example, Abilify

**This maintenance medication list is subject to change and does not guarantee coverage.*
