

NOT SURE IF YOU ARE A GATORCARE MEMBER?

GatorCare offers health plans to specific UF Health and UF employer groups. If you are covered under a GatorCare health plan, you are a GatorCare member.

Follow these steps to find out if you are a GatorCare member:

1. Check your insurance card for the GatorCare logo in the top right corner.

2. If a GatorCare logo is present and your Member Number begins with "UFS", you most likely are a GatorCare member, as long as your coverage is active.
3. If you do not see a GatorCare logo, you are not a GatorCare member and are not eligible for programs labeled as "GatorCare members only."
4. If you have any questions, please email GatorCareWellness@shands.ufl.edu.
