

**This is only a summary of your GatorCare pharmacy benefits.**

If you would like detail about your coverage and costs, you can get the complete terms in the policy or plan document at [gatorcare.magellanrx.com/member](http://gatorcare.magellanrx.com/member) or by calling the member help desk at 1-800-651-8921. In the event there is a conflict between this summary and the GatorCare prescription coverage documents, the terms and conditions of the coverage documents will control.

This plan provides Prescription Drug benefits for Prescription Drugs and Related Supplies provided by Participating Pharmacies. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for Prescription Drugs and Related Supplies for each 34-day supply at a retail pharmacy or each 90-day supply at a retail or mail order pharmacy. That portion is the Copayment or Coinsurance.

**Coinsurance:** The term Coinsurance means the *percentage* (for example, 25%) of charges for covered Prescription Drugs and Related Supplies that you or your Dependent are required to pay under this plan.

**Copayment:** Is the *fixed dollar amounts* (for example, \$15) you pay for covered prescriptions drugs and Related Supplies that you or your Dependent are required to pay under this plan, regardless of the actual cost of the prescription.

## Terms to Know:

**Formulary** - a list of Food and Drug Administration (FDA) approved prescription drugs (generic and brand-name) and drug supplies. Over-the-counter, injectable medications and drug supplies are not included in this formulary unless they are specifically listed. The formulary is subject to periodic review and modifications.

**Retail** – any licensed pharmacy that you can physically enter to obtain a prescription.

**Mail Order** – mail order pharmacies that dispense prescription drugs through the U.S. Mail.

**Mandatory Generic:** if you use a brand-name drug when a generic is available, you pay the applicable copay plus the cost difference between the brand drug and the generic drug.

**Maintenance Drugs:** drug that is used to treat a chronic illness or condition.

## Types of Drugs:

**Generic** – drugs that contain the same active ingredients as a brand-name drug and become available when the patent protection expires on the brand-name drug and is approved by the FDA.

**Preferred/Formulary Brand Name** - a brand-name drug on the plan's formulary. Using this drug is less expensive than using a non-preferred/non-formulary drug.

**Non-preferred/Non-formulary Brand Name** – a drug that is not on the plan's formulary list. You will pay more even if your doctor recommends it.

**Specialty** – a drug used to treat serious or chronic medical conditions such as multiple sclerosis, hemophilia, hepatitis and rheumatoid arthritis. It is typically a self-administered injectable medication often requiring special handling or refrigeration.

## Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact your Human Resources Benefits Department. You may also contact your state insurance department at **1-877-693-5236**, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or [www.dol.gov/ebsa](http://www.dol.gov/ebsa), or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or [www.cciio.cms.gov](http://www.cciio.cms.gov).

## Your Grievance and Appeals Rights:

For more information on your rights to a **grievance** or **appeal**, contact Magellan Rx Management at 1-800-651-8921.
