

\$MPF

BECOME A MASTER OF PERSONAL FINANCE

What is a master of personal finance?

A Master of Personal Finance (or MPF) is our term for someone who knows what's happening with their money and how to use it to their advantage.

What does the MPF program teach?

This series of mini courses is specifically tailored to the most pressing financial concerns of graduate assistants. We hope to prepare you for post-grad life *without* financial stress.

Do I need to have a lot of money?

No! These tips and strategies are only a guide. All you have to invest is your time in deciding how best to use the information towards achieving your financial goals.

Does it require a lot of work?

This series includes guided worksheets but whether you use them is up to you. However, we do encourage you to complete the mini quizzes at the end of each course.
