

Important coverage changes for ADHD Medications

Effective **8/1/2023**

To help provide our customers with access to safe, high-quality and cost-effective prescription benefits, it is sometimes necessary to revise the Magellan Rx Formulary.

Effective **8/1/2023, ADHD Medications** will require a prior authorization for members over the age of 26. To continue receiving this product through your pharmacy benefit, a prior authorization will be required. *To avoid disruption in coverage, authorizations have been entered for affected members through 12/31/2023.* This means after this date, prescriptions may require additional review, which involves members' pharmacists coordinating with their physicians and our clinical pharmacy staff to review the medication before it's filled.

Discussion with Your Prescriber

If your prescriber believes you need to continue the existing medication and would like to start an authorization request before **1/1/2024**, please have them contact our Prior Authorization Department at 1-800-651-8921 at any time, 24 hours a day, 7 days a week. They can also visit our website at magellanrx.com and complete a Prior Authorization request and fax information to 800-272-1349.

About the Magellan Rx Formulary

The Magellan Rx Formulary is created and managed by a clinical committee that includes practicing physicians and pharmacists. To help provide our customers with access to safe, high-quality and cost-effective prescription benefits, it is sometimes necessary to make changes to the formulary. Magellan Rx is committed to providing you with important information regarding your prescription benefits.

Next Steps

1. If you do not plan to continue usage of this medication beyond **12/31/2023** there is no further action for you to take.
2. If you will be taking this medication past **12/31/2023**, please work with your prescriber to start the prior authorization process no later than **12/1/2023** to avoid a lapse in medication.

For any questions or concerns, please contact our Customer Service Department at 1-800-651-8921 at any time, 24 hours a day, 7 days a week.

Sincerely,

Magellan Rx Management
