

Important Update to Your Tier 1 Provider Options – Halifax Area

Effective 01/01/2026

We are pleased to share additional providers being added to the GatorCare Tier 1 network. An updated roster of these providers is attached for your reference. This list reflects a detailed review of GatorCare member utilization in the Halifax area over the past 24 months. While not every provider visited during that time is included, the majority are represented in this initial update.

As Florida Blue and WebTPA work to update their systems, some of the newly added providers may **not yet appear as Tier 1** in the online provider directory at <https://www.flbluegroupbenefits.com/>. However, when you seek care from these providers the claims will adjudicate at your Tier 1 copay or cost share amount.

Please use the roster that is housed on the [GatorCare website](#) for additional Tier 1 providers available in the GatorCare network.

Provider Groups being added to Tier 1 (Not Highlighted)

Providers that are actively being loaded into the Florida Blue/WebTPA system and **will appear as Tier 1** in the online directory as the updates are completed.

Statewide Provider Groups (Highlighted in Yellow in the Attached Roster)

Due to current system limitations, Florida Blue/WebTPA is unable to load select providers from statewide groups without also including every provider that bills under that group's Tax Identification Number (TIN). GatorCare is looking to add specific providers that our members utilize, not all providers that bill under the TIN.

As a result, these providers will **temporarily show as Tier 2** in the online directory, even though they are Tier 1 for GatorCare members. When you seek care from these providers the claims will adjudicate at your Tier 1 copay or cost share amount.

Ongoing Updates to the Tier 1 List

You can find the most up to date provider roster on the [GatorCare website](#). We will continue to monitor utilization and may, from time to time, add additional Tier 1 providers. We encourage members to **check this document periodically** for the most up to date list of Tier 1 providers.

Need a Provider Not Listed?

If you need Tier 1 access to a provider who is **not shown on this roster or in the online provider directory**, we are happy to review your request.

Please email [**GatorCare@shands.ufl.edu**](mailto:GatorCare@shands.ufl.edu) with:

- **Email Subject:** Request to add provider to Halifax network
- Specialty/provider being requested including:
 - Provider Practice Name
 - Provider Name
 - Practice Address
 - Practice Phone number

Our team will review historical utilization, administrative data, and other relevant factors, and will follow up with you regarding next steps. Requests are not a guarantee that the provider will be added to Tier 1.

Thank you for trusting GatorCare with your health and pharmacy coverage needs and for your patience as we work through these system updates. We are committed to supporting you and ensuring you have access to high-quality providers close to home.

Be well,
Your GatorCare Team

Halifax - Tier 1 Providers

~The providers listed below are Tier 1 but may not yet appear in the online directory.

~Additional Tier 1 providers are available and appear in the online directory.
